Jamaican Canadian Association of Nurses

Dear Ms. Bernard

On behalf of Humber College, I wish to express our thanks to the Jamaican Canadian Association of Nurses for their most generous financial bursary to a Humber College student in the nursing program. It is imperative for community organizations to be involved and support students who require financial support that will assist them in completing their academic program.

At Humber we look forward to your ongoing support of students pursuing their studies in nursing.

Again, we thank you.

Kind regards,

Nancy Simms
Director, Centre for Human Rights, Equity & Diversity
