Dear Ms Bernard,

I am honoured to be one of the recipients of the Jamaica Canadian Association for Nurses Scholarship valued at \$1200 Can. Writing this letter, I feel a renewed sense of pride but also gratitude. Your support has put me a step closer to realizing a career in nursing, for that I am very grateful.

It was not an easy decision to attend the University of the West Indies as the odds of financing my education are plenty. However, with faith in my ability to succeed tied with the value my mother taught me and believing in God, I know that education is the foundation to a fulfilling career as well as a successful life and these have provided the driving force that my dream of being a nurse was worth chasing.

I always say that "education is a vehicle, I am the driver and the financial assistance I will receive the wheels". I am sincerely overwhelmed with joy and extremely thankful to you for being the wheels that will help me to have a successful future. I am now motivated more than ever to supersede my expectations and my family's.

Finally, to whom much is given much is expected as such, in a few years it will be my responsibility to give others this same opportunity. I am forever grateful that you believed in me.

Sincerely,

Keda Robinson
